

## ***PLAYING TIME PHILOSOPHY***

The philosophy of this program will be to **provide fun first** and balance the fun with an effort to learn the game and be competitive. We will typically practice once per week and play one or two games on the weekend. At this age it is important that your child stay eager to play and is exposed to other sports too. If the players have the desire, there will be plenty of opportunity to move into a more demanding schedule as they get older. The SCW program will produce good competitive players that have been taught the proper skills and sportsmanship.

## ***AGE LEVEL***

6-7-8-9-10 Players will play games together according to their age group and/or skill level.

## ***EQUIPMENT REQUIRED***

Full Equipment is required: skates, stick, approved helmet & cage, shin guards, gloves, elbow pads, shoulder pads, cup, pants, socks and jersey.

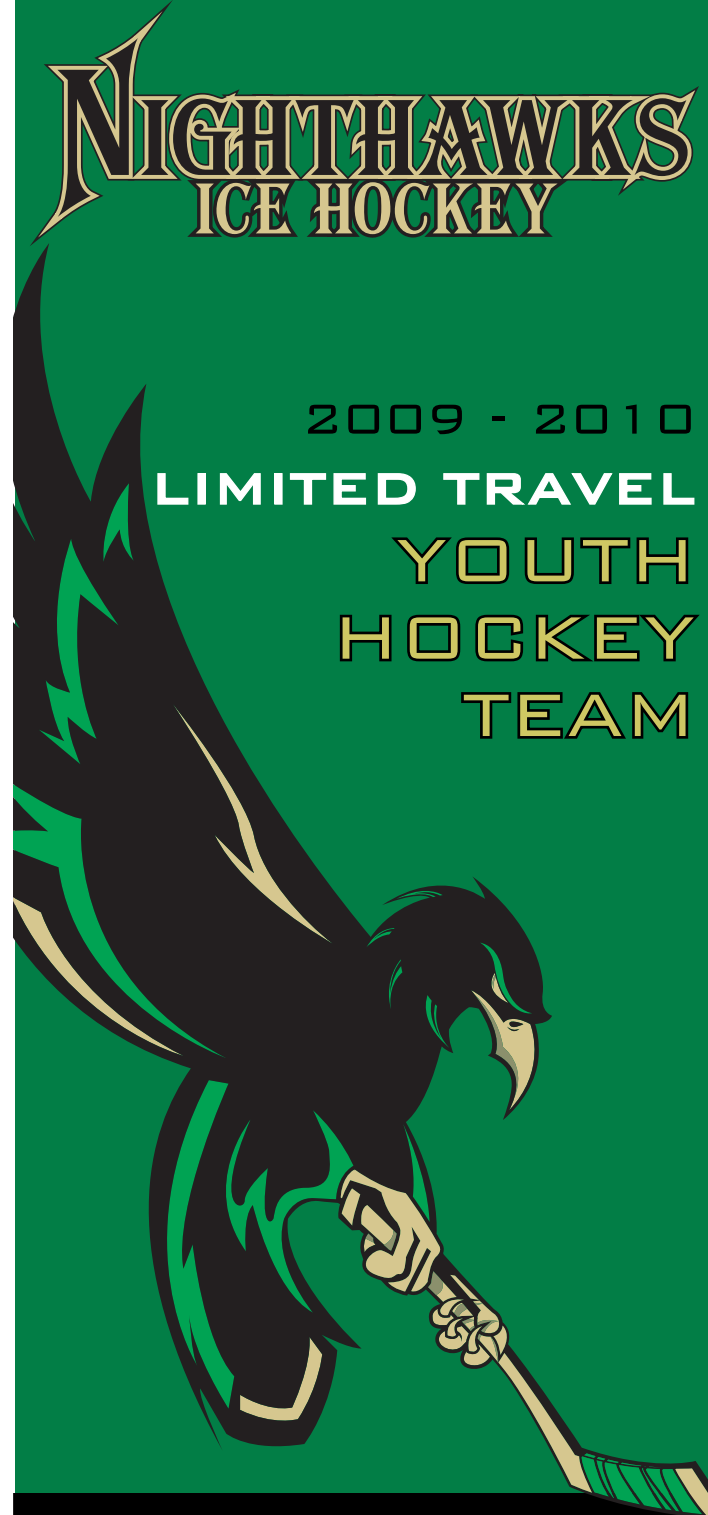

## ***OTHER REQUIREMENTS***

Players must be registered with USA Hockey (not included as part of registration fee)

## WHO IS IT FOR?

The SCW hockey program is designed for a range of skill from beginners to advanced players. Providing a program for a wide range of players will be accomplished by offering both in house instructional games for new players and travel games for the more advanced players. In house games will be played at SCW. Travel will be limited by playing teams that play at rinks that are typically between 30-60 minutes from SCW. This would include programs at Ice Line, Ice Works, Chester County, The Pond, U of D etc.

The SCW program is designed for players that have at least 1 year of skating experience. Players that have difficulty keeping their balance on skates should consider SCW's skating classes before they attempt to try the hockey program.

Players will practice together throughout the season and will be evaluated on an ongoing basis. The more advanced players will have an opportunity to play in both in house and travel games. The beginner players will play in the in house games until they reach a skill level that allows them to move up.

## COACHING

The head coach for the program will be Richard Roux. Richard has been involved in coaching ice hockey for over 20 years including 7 years as head coach for the University of Delaware men's team. In addition, he has led and instructed numerous youth programs and ice hockey camps. All coaches are volunteers. Additional coaches are being determined now. Please contact Richard Roux if you are interested.

## GAMES AND PRACTICES

Practices will be held on Tuesdays at 6:30 PM at the Skating Club of Wilmington. Home games will typically be scheduled on Saturday Mornings.
